

## GF 1521 Vinyl Cutting Plotter

### Main Features

- Automatic contour cutting high-definition camera, accurately identifies the marks of varying colours & materials.
- Multi-point alignment system, segmented contour cutting, automatic deviation correction.
- 4.3" High resolutions, high definition, touch screen.
- High-precision steel wheel, accurate transmission to prevent deviation.
- Metallic carriage which can work continuously & smoothly for a long period with excellent heat dissipation.
- 1GB memory, data transmission within seconds, allows for extended offline cutting periods & timeous storage of data in case of a power failure.
- Linkage type pinch roller design, allowing all the pinch rollers to be able to be lifted & dropped simultaneously.

ITEM	SPECIFICATIONS
Model	GF 1521
Max Media Width	1680mm
Max Cutting Width	1500mm
Max Contour Cutting Width	1500mm
Cutting Accuracy	±0.02mm
Repeat Accuracy	0.1mm
Speed	100 - 1000 mm/s (digitally adjustable)
Force	1 - 1000g (digitally adjustable)
Data Transmission	USB / WiFi
Pinch Roller	11
Working Environment	5 - 35°C
Power Supply	AC220V (110V) ± 15% <120W
Packaging Size	1980 x 330 x 400mm
GW	43kg

Specifications are subject to change without prior notice.
